NOTE	<p>The sink in the front preparation room (salad prep) was designated as a handwashing sink, but was observed being used for food preparation during the routine inspection. After discussion with Ms. Robinson, Administrator, it was agreed that the sink can be converted from a handwashing sink to a food preparation sink because a handwashing sink, located in the middle kitchen area, is available within 20 feet to staff working in the salad preparation area. During this visit, it was observed that the soap and handwashing sign was removed from this sink. Please ensure that staff are washing their hands when required; if they are observed to not be washing their hands, then the sink in the salad preparation room may be required to be used as a handwashing sink.</p> <p>All priority items noted on the December 15, 2017 routine inspection have been corrected.</p> <p>A copy of this inspection report will be emailed to Ms. Robinson.</p>
