| Code Reference | PRIORITY ITEMS<br>Priority items contribute directly to the elimination, prevention or reduction to an acceptable level, hazards associated with foodborne illness or injury. <b>These items MUST RECEIVE IMMEDIATE ACTION within 72 hours or as stated.</b>  | Correct by (date) | Initial |
|----------------|---|-------------------|---------|
| 4-601.11A      | Orange and black mold growth observed on the ice chutes on both beverage dispensers at the drive-up window, and on the ice chute on the Coca Cola dispenser in the customer self-service area. Food contact surfaces shall be clean to sight and touch. Please wash, rinse, and sanitize the ice chutes at least daily. | 12/6/17           |         |
| 3-501.16A      | The Nacho cheese dispenser was not operating. Cheese installed in the dispenser had an internal temperature of 73F. Food shall be held hot at 135F or higher. Please discard the cheese inside this unit and do not use until it is repaired or replaced. COS by voluntarily discarding cheese and not using machine,   | COS               |         |
| 6-501.111      | Mouse feces and debris observed in the cabinet below the Coca Cola soda dispenser in the customer self-service area. Facility shall be free of evidence of pests. Please clean cabinet and monitor facility for evidence of pests. If found, begin an approved method of pest control.                                  | 12/21/17          |         |
| 4-601.11A      | Dried food splatters observed inside the Rival microwave. Food contact surfaces shall be clean to sight and touch. Please wash, rinse, and sanitize the microwave a minimum of every four hours, more often if needed to keep clean.  | 12/6/17           |         |
| 6-501.111      | Mouse feces observed on the floor in the room holding beer. Please clean floor and begin an approved method of rodent control.  | 12/21/17          |         |
| 4-601.11A      | Mold observed inside the ice maker in the area where the ice drops into the bin. Food contact surfaces shall be clean to sight and touch. Please discard ice, wash, rinse, sanitize, and air dry before returning to service.   | 12/6/17           |         |
| 5-203.14B      | The discharge hose on the water softener ended below the rim of the mop sink into which it discharged. Water shall be protected from contamination. Please provide an air gap between the end of the discharge hose the rim of the receiving sink that is a minimum of 1".  | 12/7/17           |         |

| Code Reference | CORE ITEMS<br>Core items relate to general sanitation, operational controls, facilities or structures, equipment design, general maintenance or sanitation standard operating procedures (SSOPs). <b>These items are to be corrected by the next regular inspection or as stated.</b> | Correct by (date) | Initial |
|----------------|---|-------------------|---------|
| 5-205.15B      | The handle on the hot water faucet on the handwashing sink in the service area was broken. Plumbing shall be maintained in good repair. Please replace the faucet.  |                   |         |
| 4-601.11C      | Debris observed on the counter under and behind the equipment on the customer self-service beverage counter. Please clean counter.  |                   |         |
| 4-601.11C      | Black mold growth observed on the shelves and shelf liners inside the Pepsi cooler, located next to the customer self-service counter. Please clean and sanitize the inside surfaces of this cooler.  |                   |         |
| 4-601.11C      | Debris and mold observed on the shelves and shelf liners in the coolers located next to the office. Please clean and sanitize all surfaces and beverage holders inside these coolers.   |                   |         |
| 3-307.11       | The ice maker was located in the retail area and not protected from contamination by customers. Food shall be protected from contamination. Please keep the ice maker locked or move to an area that is not accessible to customers.  |                   |         |
| 4-601.11C      | Beverage spills observed inside the refrigerator holding Seagram's Spiked drinks. Nonfood contact surfaces shall be cleaned at a frequency to prevent debris accumulation. Please clean refrigerator.   |                   |         |
| 6-501.14A      | Mold and dust accumulation observed on the condenser/fan units in the walk-in beer cooler. Please clean and use a sanitizer to reduce mold growth.  |                   |         |
| 6-501.12A      | Debris observed beneath the shelves in the walk-in beer cooler. Physical facility shall be kept clean. Please clean floor and remove all cardboard on the floor.  |                   |         |
| 6-301.14       | There was no sign at the handwashing sink in the bathroom. Please install a sign to remind users of the importance of washing hands.  |                   |         |

|                                    |  |                           |                               |

| Code Reference | PRIORITY ITEMS<br>Priority items contribute directly to the elimination, prevention or reduction to an acceptable level, hazards associated with foodborne illness or injury. <b>These items MUST RECEIVE IMMEDIATE ACTION within 72 hours or as stated.</b>   | Correct by (date) | Initial |
|----------------|--|-------------------|---------|
| 6-501.111      | Mouse feces observed in the cabinets below the sinks in the office. Please clean cabinets and begin an approved method of rodent control.  | 12/21/17          |         |
| 7-202.12A      | Several containers of Raid insecticides were stored in the cabinet below the sink in the office. These insecticides were not labeled for use in a food facility. Please remove these products from the facility and use only those insecticides that are approved for use in a food facility, or use a pest control company.   | 12/6/17           |         |
| 4-501.114A     | A gallon of Low Splash bleach was stored below the sink in the office. This product is not approved for use as a sanitizer on food contact surfaces. Please use only regular, unscented bleach when preparing sanitizer solutions for cleaning food contact surfaces.  | 12/6/17           |         |
| 2-201.11       | Please develop an employee illness policy based on Chapter 2 of the Missouri Food Code. You may use the Food Code and/or the FDA Employee Health and Personal Hygiene Handbook. A policy may state that specified pages will be read by all employees and a reporting agreement signed. See codes 2-201.11, 2-201.12, and 2-201.13 in the Missouri Food Code, or use pages 5-17 and 37-38 in the FDA handbook. Both documents are available online. A copy of the FDA handbook was provided and may be copied. | 12/21/17          |         |
|                |  |                   |         |

| Code Reference | CORE ITEMS<br>Core items relate to general sanitation, operational controls, facilities or structures, equipment design, general maintenance or sanitation standard operating procedures (SSOPs). <b>These items are to be corrected by the next regular inspection or as stated.</b>  | Correct by (date) | Initial |
|----------------|--|-------------------|---------|
| 6-301.14       | There are four sink vats in the office. Please designate the far right vat as the handwashing sink, as the soap and paper towels are located near that sink. Use the other three sinks to wash, rinse, and sanitize food contact surfaces. Install a handwashing sign at the handwashing sink and use it only for handwashing. A handwashing sink is required in areas where equipment is cleaned and in areas where food is dispensed (the ice maker is near this office). Please ensure employees wash hands prior to filling ice buckets. | 12/6/17           |         |
| 5-205.15B      | A leak was observed below the handwashing sink vat in the office. Plumbing shall be in good repair. Please repair the leak.  | 12/21/17          |         |
| 6-501.14A      | Debris observed on the portable fan, stored on the shelf above the sink in the office. Ventilation systems shall not be a source of contamination. Please clean all surfaces and blades of the fan as often as needed to keep clean.   |                   |         |
| 6-501.12A      | The floor was dirty in the office, especially around and under equipment. Please clean floor as often as needed to keep clean.   |                   |         |
| 6-202.15A      | Daylight was observed between the front entry doors. Outside entries shall be sealed to reduce pest entry points. Please seal door.  |                   |         |
| 6-202.15A      | Holes were not sealed where pipes and utilities entered the building. Please seal all holes on the exterior of the building to reduce pest entry points.   |                   |         |
| 5-501.114      | A plug was not installed in the drain of the outside trash dumpster. Plugs prevent debris from draining onto the ground and attracting pests. Please request the trash company to install a plug in the drain.   |                   |         |
| 6-501.11       | The toilet seat was worn and no longer cleanable. Please replace seat to allow effective cleaning.   |                   |         |
