DATE

12-11-17

SECTION #**OBSERVATIONS**

E16) A discard date was not marked on a plastic bag of hard boiled eggs stored in the True cooler in the kitchen. Refrigerated potentially hazardous foods must be properly marked with a seven day discard date after opening or preparation. COS by discarding the eggs.

F1) Chlorine was not detected in a tub of sanitizer water holding cloth rags. All items requiring sanitizing shall be washed, rinsed and sanitized with approved agents, methods and concentrations. COS by preparing new sanitizer.

G1) Several used, disposable, aluminum food pans were observed stored with clean food equipment in the cabinet in the kitchen. Single service items may not be reused. COS by discarding the pans.

A1) The cover was missing from the water tank reservoir of the toilet in the childrens' restroom in classroom B. Aluminum foil was placed over the reservoir. Physical facilities must be clean and free of unsanitary conditions.

A5) The window on the south side of classroom A was open for ventilation. The screen frame in this window is bent and does not adequately seal the window to entry by pests. Screens on windows and doors used for ventilation shall be in good repair.

Note: A small wire-fence enclosure was observed in classroom A. According to an employee, the enclosure is used to contain a guinea pig. The animal was not present on the day of this inspection. The enclosure was lined with disposable potty pads. The enclosure appeared to be clean.

Note: The facility will be closed due to the holidays from December 22, 2017 to January 9, 2018.

The above facility has been **inspected** and does does not conform with the sanitation requirements of the Missouri Department of Health and Senior Services Section for Child Care Regulation.

The inspector has discussed the issues marked by an asterisk (*) and/or marked by an (X) on this form. I agree to comply with these requirements.
