NOTES

F1 - Dried food debris observed on the electric can opener. Food contact surfaces shall be cleaned after use.
CORRECTED ON SITE by cleaning.

F1 - Rust was observed on the wheel of the hand-held can opener. Food contact surfaces shall be free of imperfections.
CORRECTED ON SITE by disposing of can opener.

A8 - Cans of sunscreen and insecticide were stored in children's cubby, accessible to children. Toxic items shall be stored in a location that is not accessible to children.
CORRECTED ON SITE by moving to top shelf of cubby where the children cannot reach.

A8 - A spray bottle of bleach sanitizer was stored on the diapering table in the bathroom and was within children's reach. Toxic items shall be stored in a location that is not accessible to children.
CORRECTED ON SITE by moving sanitizer to locked cabinet below handwashing sink.

A1 - Accumulation of debris observed on the handles and under the pop-off tops of the handles on the bathroom handwashing sink. Facility shall be clean and free of unsanitary conditions.
CORRECTED ON SITE by cleaning

G2 - A plastic bag of trash was observed in the play yard. Trash shall be stored in rodent-proof and cleanable containers.
CORRECTED ON SITE by placing bag in trash receptacle in the play yard.

* Items noted with an asterisk on page one were discussed with the owner and found to be in compliance.

NOTE: - Gutter was observed pulled away from the building above the play yard, possibly allowing water to run into the play area. Please monitor and repair if water pools in the play yard from excess run-off.

The above facility has been **inspected** and does does not conform with the sanitation requirements of the Missouri Department of Health and Senior Services Section for Child Care Regulation.

The inspector has discussed the issues marked by an asterisk (*) and/or marked by an (X) on this form. I agree to comply with these requirements.
