OBSERVATIONS

This special circumstance inspection was conducted this day upon receipt of a request from MODHSS Bureau of Environmental Health Services received on November 5, 2021 by email. On September 13, 2021, a compliance inspection was conducted by Jessica Spencer (MODHSS) at the request of the facility due to a water leak which damaged ceiling tiles and got the carpet wet. At the time of this inspection, the ceiling tiles located in the downstairs near the restroom were new and without damage. The carpet below the replaced tiles was clean and dry.

The above facility has been inspected and does does not conform with the sanitation requirements of the Missouri Department of Health and Senior Services Section for Child Care Regulation.

The inspector has discussed the issues marked by an asterisk (*) and/or marked by an (X) on this form. I agree to comply with these requirements.
